

2022 Income and Resource Limits for Medicaid and Other Health Programs

Public benefit programs (such as Medicaid) use the Federal Poverty Level (FPL) guidelines to determine who qualifies for coverage. The table below includes the current income and resource limits someone needs to meet to qualify for Medicaid, CHIP, and Part D Extra Help this year. The income limits are based on the 2022 FPL guidelines that were published in January.

Please see our [Medical Assistance Eligibility Manual](#) for further explanation of what income and whose income counts towards the limits listed below.

Category	Description	2022 Monthly Income Limit	2022 Resource Limit
Medicaid for Adults Age 19-64	Medicaid expansion coverage for adults age 19-64 whose income is below the figures listed to the right. People on Medicare are not eligible for this category.	\$1,563 (HH size 1) \$2,106 (HH size 2) \$2,649 (HH size 3) \$3,192 (HH size 4)	Resources not counted
