Supporting Access to Affordable High Quality Healthcare

As the state primary care association (PCA), the Pennsylvania Association of Community Health Centers (PACHC) represents and supports the largest network of primary healthcare providers in the commonwealth. This network of health centers includes Community Health Centers (FQHCs and FQHC Look-Alikes), Rural Health Clinics and other like-mission providers that collectively serve more than a million patients annually at 400-plus sites in underserved rural and urban areas throughout Pennsylvania.

“PACHC is a hidden gem. Couldn't imagine functioning in the FQHC arena without them. All levels of our health center applaud PACHC-Board to staff.
– CEO of PACHC Organizational Member

2025 PACHC Annual Conference & Clinical Summit

Our most extensive educational conference!

Hundreds of Community Health Center leaders, healthcare providers and healthcare workers will gather for the PACHC 2025 Annual Conference & Clinical Summit from October 7 through 9 at the Lancaster Marriott at Penn Square & Convention Center, 25 South Queen Street, Lancaster, PA. Join Pennsylvania's "community of Community Health Centers" for professional development, important conversations, memorable learning experiences, and inspiration.

“

The most valuable part of the conference was experiencing the sessions with peers who had similar thoughts and questions and shared the same passion for what we all do as FQHCs.
– PACHC Conference Attendee
